

Boombuster Nozzles

Patented nozzle technology eliminates the need for booms in a wide variety of spray applications. Boombuster Nozzles have excellent spray pattern and distribution, even at wide distances. Boombuster Nozzles are machined from solid stainless steel and have replaceable industrial grade nylon diffusers. Eliminate your booms, give the Boombuster nozzle a try!

Model #	Price	Effective Distance (ft)	GPM @ 30 PSI	GPM @ 40 PSI	GPM @ 50 PSI	Standard OR Narrow Band	Pipe Thread
MODEL 120-3	\$120.00	3	1.7	2	2.2	Na	1/4"
MODEL 120-5	\$120.00	5	1.7	2	2.2	Na	1/4"
MODEL 260-5	\$150.00	5	6.8	8	8.8	Na	1/2"
MODEL 180-6	\$135.00	6	3.6	4.3	4.8	Na	3/8"
MODEL 180-10	\$135.00	10	3.6	4.3	4.8	Na	3/8"
MODEL 260-11	\$150.00	11	6.8	8	8.8	Na	1/2"
MODEL 125	\$120.00	15.5	1.7	2		St	1/4"
MODEL 140	\$130.00	16.5	2	2.4	2.7	St	1/4"
MODEL 187	\$135.00	18.5	3.6	4.3	4.8	St	3/8"
MODEL 265	\$150.00	19.5	6.8	8	8.8	St	1/2"
MODEL 500	\$190.00	20	29	33	37	St	1"
MODEL 375	\$160.00	21.5	14.4	16.7	18.8	St	3/4"
MODEL 437	\$170.00	29.5	18.5	21.5	24.2	St	3/4"
MODEL 504	\$190.00	41	29	33	37	St	1"

See TrueNorth website for speed charts.

All nozzle types are available in Standard and Right-of-Way "R" versions. These "R" nozzles only spray beneath and just slightly behind the nozzle. Standard nozzles spray beneath and much further behind the nozzles to ensure overlap when 2 nozzles are mounted back to back
