#### DIRECTIONS FOR USE

**PENETRATING SURFACTANT:** LI 700 is a water soluble non-ionic agent that is recommended for use with glyphosate products such as ROUNDUP®, LAREDO®, RENEGADE®, WRANGLER®, and VISION®.

Use 5 L LI 700 per 1000 L spray mixture, or 500 mL LI 700 per 100 L spray mixture

**IMPORTANT:** When using LI 700 carefully follow all product labels involved.

**pH ADJUSTER/ACIDIFIER:** Alkaline water, even mildly alkaline, causes alkaline hydrolysis or degradation of many pesticides. Some chemicals degrade in less time than it takes to put out a tank of spray. When mixed with spray solutions, LI 700 neutralizes or slightly acidifies the spray solution. LI 700 prevents the breakdown hydrolysis, e.g. pH sensitive products, in the spray tank. To reduce chemical hydrolysis, an acid based product like LI 700 can be used. It can effectively lower the pH of water that is mixed with pesticides. Add LI 700 before adding the pesticide.

Highly alkaline water (pH 8 or higher): Use 625 mL to 1.25 L LI 700 per 1000 L water mixture.

Mildly alkaline water (pH 6.5 to 8): Use 300 to 625 mL LI 700 per 1000 L water mixture.

#### PRECAUTIONS

##### KEEP OUT OF REACH OF CHILDREN

Can cause skin and eye irritation. The vapours are irritating to the eyes, nose and throat. Do not get in eyes or on skin. Wear goggles or face shield, approved pesticide gloves and long-sleeved clothing when handling. Avoid contact with skin, eyes or clothing. Avoid breathing vapours or mist. Use adequate ventilation. Wash thoroughly after handling. Harmful if swallowed. Keep container closed during storage.

##### FIRST AID

If on skin: Flush immediately and thoroughly for 15 minutes, while removing contaminated clothing. Get medical attention.

If in eyes: Wash for 15 minutes with plenty of water, then seek medical attention.

If swallowed: Do not induce vomiting. Contact a physician or poison control centre.

Inhalation: Remove from exposure, treat symptomatically. Get medical attention.

Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

**TOXICOLOGICAL INFORMATION:** Treat symptomatically.

##### DISPOSAL

1. Triple - or pressure - rinse the empty container. Add the rinsings to the spray mixture in the tank.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal.
3. Make the empty container unsuitable for further use.
4. Dispose of the container in accordance with provincial requirements.
5. For information on the disposal of unused, unwanted product contact the manufacturer or the provincial regulatory agency. Contact the manufacturer and the provincial regulatory agency in case of a spill, and for clean-up of spills.

**NOTICE TO USER:** This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

**NOTICE TO BUYER:** Seller's guarantee shall be limited to the terms set out on the label and, subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

®ROUNDUP, ®LAREDO, ®RENEGADE, ®WRANGLER and ®VISION are Registered Trademarks of Monsanto Company USA.
