

Attention Spray Operators *Introducing the*

Reduce liability and safety concerns in transporting liquid

Unstable Liquid Loads Are Dangerous

Unlike conventional baffling systems that rely on blocking surge and transferring it through the tank to the truck, **Surge Buster™ dissipates the energy within the tank. Surge Buster's™ innovative design eliminates 96% of the surge (Kinetic Energy) in any liquid load, creating a load that is safer to haul, reduces stress and fatigue on the driver, promotes longer tank life and reduces vehicle maintenance costs.**

Surge Buster™ features:

- Two sizes for 7" and 15" tank openings
- Self – Locking Assembly
- Easy installation in poly, stainless, fiberglass & aluminum tanks
- Made from highest quality HD Polypropylene, they are approved by the FDA for food grade use, can be used for transporting potable water, hot or cold liquids

**STOP THE SURGE
BEFORE IT STOPS YOU!**
